

Response Summary:

Data Visualization Stage: Parse

This self-assessment feedback instrument is designed to assess the following Knowledge Dimensions:

A. Factual Knowledge	C. Procedural Knowledge
The basic elements that students must know to be acquainted with a discipline or solve problems with it.	How to do something; methods, inquiry, and criteria for using skills, algorithms, techniques, and methods.

Q1. Student Information *

First Name	Matthew
Last Name	Gallagher
Course (e.g. CGT 270-001, CGT 270-LC, etc.)	270-009
Term (e.g. F2020)	F2021

Q2. Email Address *

118065@student.roncalli.org

Q3. I can describe, in my own words, what happens in the PARSE stage. *

- Agree

Q4. If you answered Disagree or Strongly Disagree, explain.

N/A

Q5. If given a dataset, I can describe the data in its most basic form for further pre-processing. *

- Disagree

Q6. If you answered Disagree or Strongly Disagree, explain.

My data needed little to know parsing according to the instructor.

Q7. I can demonstrate a process for changing data into a useful format for further processing. *

- Disagree

Q8. If you answered Disagree or Strongly Disagree, explain.

I understand it on paper, but I would've like to be able to parse my data sets.

Q9. I can identify specific features about the data. *

- Agree

Q10. If you answered Disagree or Strongly Disagree, explain.

N/A

Q11. The current Semester is Fall 2018. *

- Disagree

Q12. I can categorize data in a dataset to meet specific requirements. *

- Agree

Q13. If you answered Disagree or Strongly Disagree, explain.

N/A

Q14. I can generate a parse listing of a given dataset. *

- Disagree

Q15. If you answered Disagree or Strongly Disagree, explain.

Once again I need to do it hands on instead of reading about it.
